

RSH Series

custom rackshelves

RSH Series Custom Rackshelves are the most comprehensive offering of solutions for professionally mounting and trimming non-rackmount components. CEDIA™ Hall of Fame-honored, these innovative shelves provide secure installation of virtually any component in a standard 19" enclosure without modification. Each unit is quickly made to order and custom cut to provide a perfect opening for the face of the component that is being mounted. Whether you need a single component, two side-by-side, or even a stacked configuration, the RSH series brings you endless possibilities for your rackmounting needs.

Features

- Precision cut opening provides a clean, professional look, keeps components secure, enables optimal thermal management for system reliability
- Over 11,000 measured components in the growing database
- Ships in 48 hours or less
- Assembles easily in minutes
- Includes rear brackets and clamping options to keep components in place
- Fully ventilated ears and bottom promote cooling airflow
- UL Certified for safety and reliability
- Aluminum faceplate finished in durable black textured or black brushed anodized finish
- Sizes range from 1 to 12 rackspaces

RSH Series

custom rackshelves

Single-Rackspace RSH Series Custom Rackshelves:

RSH Series Custom Rackshelves in single-rackspace size feature an advanced design unlike any other custom rackmount product. These 1RU rackshelves offer:

- The industry's shortest custom rackmount
- Unique 'face-after' design allows for easy installation and switch-out of components
- Tool-free shelf assembly in seconds
- Add additional small devices and manage cables effectively using the patented universal mounting pattern
- Twist and lock rear stop brackets enable quick and fine adjustment of component positioning
- Choice of 11.5" or 8" depth shelf
