- Filmmaker Mode¹⁷

¹ Screen sold separately.

² Distance required from wall is about 8.3 inches for 90" and 14.9 inches for 120" screen size.

³ This projector can produce 100% Color Volume in the DCI-P3 color space, the format for most cinema screens and HDR movies for television.

⁴ Utilizes AI-Based formulas.

⁵ Samsung Account required for network-based smart services, including streaming apps and other smart features. Separate [connected] computer, mobile or other device may be necessary to create/log in to Samsung Account (free to download and create). Without Account log in, only external device connections (e.g., via HDMI).

⁶ Improves up to 50% of the color, contrast, and saturation.

⁷ Super Ultra Wide Game View is supported for PC games only. Super Ultra Wide Game View is only available for ultra wide supported games. Some game title may not support the function or be limited to use this feature. Screen resolution change from external device may be required.

⁸ Light output measured in accordance with ISO 21118.

⁹ Distance required from wall is about 8.3 inches for 90" and 14.9 inches for 120" screen size.

¹⁰ High speed Internet connection, additional gaming service subscriptions and compatible controller required.

¹¹ Alexa is built-in.

¹² SmartThings compatible devices only. SmartThings app download may be required.

¹³ Subscriptions may be required for some services. Smart Trainer support devices may vary by country.

¹⁴ HDMI—CEC (Consumer Electronics Control) facilitates convenient control functions with compatible devices.

¹⁵ Requires third-party control system installation. See www.samsung.com/us/business/custominstall.

¹⁶ Q-Symphony is available only with compatible audio devices. Check for Q-Symphony compatibility on audio devices' product specifications.

TOP 10 KEY FEATURES

PICTURE

Laser Technology¹

4K laser technology delivers an enhanced spectrum of a billion colors and completes the cinema experience with true-to-life picture quality¹.

4K AI Upscaling^{2,3}

Get sharper detail and enhanced clarity when watching lower-resolution content using AI to optimize each scene², whether you're streaming an HD movie or watching live sports.³

Ultra Short Throw Design⁴

Get a massive 120" picture from a compact projector that sits close to your wall. Unlike traditional projectors, you don't need a complicated mount or lots of space between the projector and screen⁴.

Samsung Tizen OS^{3,5}

Stream your favorite shows, play games⁵, work out, and get the most of your smart projector, powered by Tizen. Discover your must-have streaming services, apps and more - with just a few clicks in our intuitive user interface³.

Samsung Gaming Hub⁵

Stream your favorite games right from your projector; no console required. Get easier access to all things gaming – whether console or streaming – and start playing faster than ever. You'll also get recommendations on what to play next, based on what you like.⁵

Custom Ambient Mode

Customize your space and set the right mood by projecting photos, color effects, background scenes and themes on your wall. Place widgets like a real-time clock onto the wall for your everyday décor or use an animated effect like waves to make a splash during a party.

Multiple Voice Assistants⁶

Find shows and turn up the volume with Alexa or Bixby.⁶ Access the built-in AI Voice Assistants to control your Premiere and your smart home.

Vision Booster⁷

Your content appears clear in any room with color and contrast automatically optimized for your surrounding environment with livelier colors and higher contrast.

Ultra Bright Laser⁸

Enjoy beautifully lit shows, movies and games, any hour of the day up to 2,500 lumens of brightness⁸. Our projector illuminates every detail with precision.

Powerful Sound

Experience realistic, room-filling audio. A 2.2 channel audio system, Dolby Atmos, Object Tracking Sound Lite (OTS Lite) and built-in 30W speakers bring your entertainment to life in crisp detail.

¹ This projector can produce 100% Color Volume in the DCI-P3 color space, the format for most cinema screens and HDR movies for television.
