TOP 10 KEY FEATURES

PICTURE

Triple Laser Technology¹

Content comes to life with a wide spectrum of more than a billion shades of vibrant color and the rich contrast of HDR10+.

4K AI Upscaling^{2,3}

Get sharper detail and enhanced clarity when watching lower-resolution content using AI to optimize each scene², whether you're streaming an HD movie or watching live sports.³

Ultra Short Throw Design⁴

Get a massive 130" picture from a compact projector that sits inches from your wall. Unlike traditional projectors, you don't need a complicated mount or lots of space between the projector and screen.*

Samsung Tizen OS^{3,5}

Stream your favorite shows, play games⁵, work out, and get the most of your smart projector, powered by Tizen. Discover your must-have streaming services, apps and more - with just a few clicks in our intuitive user interface.³

Samsung Gaming Hub⁵

Stream your favorite games right from your projector; no console required. Get easier access to all things gaming – whether console or streaming – and start playing faster than ever. You'll also get recommendations on what to play next, based on what you like.⁵

Custom Ambient Mode

Customize your space and set the right mood by projecting photos, color effects, background scenes and themes on your wall. Place widgets like a real-time clock onto the wall for your everyday décor or use an animated effect like waves to make a splash during a party.

Multiple Voice Assistants⁶

Find shows and turn up the volume with Alexa or Bixby.⁶ Access the built-in AI Voice Assistants to control your Premiere and your smart home.

Vision Booster⁷

Your content appears clear in any room with brightness and contrast automatically optimized for your surrounding environment with livelier colors and higher contrast.

Ultra Bright Laser⁸

Enjoy perfectly lit shows, movies and games, any hour of the day with up to 3,450 lumens of powerful brightness.⁷ The Premiere 9 is extra bright for stunning visuals — illuminating every detail so it feels like you're at the movies.

Powerful Sound

Surround yourself in captivating 40W 2.2.2 audio. Powerful up-firing speakers, built-in woofers and Object Tracking Sound (OTS) will blow you away. Dolby Atmos adds an extra level of overhead audio for realistic all-around sound.

¹ This projector can produce 154% Color Volume in the DCI-P3 color space.

² Utilizes AI-Based formulas.

³ Samsung Account required for network-based smart services, including streaming apps and other smart features. Separate [connected] computer, mobile or other device may be necessary to create/log in to Samsung Account (free to download and create). Without Account log in, only external device connections (e.g., via HDMI).

⁴ Distance required from wall is about 4.4 inches for 100" and 9.4 inches for 130" screen size.

⁵ High speed Internet connection, additional gaming service subscriptions and compatible controller required.

⁶ Alexa is built-in.

⁷ Improves up to 50% of the color, contrast, and saturation.

⁸ Light output measured in accordance with ISO 21118.
